

LCRDM Networking DAY: A decade of RDM professionals, value added to research/science, reconnect to look forward

Time	What	By Whom
10:00-10:15	Welcome	Laurents Sesink (Chair of the Day, Head Centre for Digital Scholarship University Leiden)
10:15-10:25	State of affairs LCRDM	Maurice Bouwhuis (Chair Advisory Group LCRDM and Innovation Manager Research at SURF)
10:25-10:45	The Maastricht Study - FAIR, the Embedded Approach	Marion Feijge (data steward MEMIC, Maastricht University) Annemarie Koster (Associate Professor and MT member DMS Maastricht University)
10:45-11:05	Unlock: FAIR by design experimentation	Peter Schaap (Associate professor, Leads the Computational Biology group at the Laboratory of Systems and Synthetic Biology) Christine Staiger (Research Engineer & Product Owner RDM infrastructure) Both: Wageningen University and Research.
11.05	BREAK	
11:30-11.45	Time to re-think the academic vs support staff divide?	Marta Teperek (director 4TU.ResearchData and Head of Research Data Services TU Delft Library) Maria Cruz (Policy Advisor Open Science, NWO)
11.45-12.00	Wrap up	Laurents Sesink
12:00	LUNCH	LUNCH to RECONNECT
13:00-13:45	ROUND 1 SESSIONS	
Option 1	Research Software Management Support	Maaïke de Jong (Scientific Community Manager) and Mateusz Kuzak (Training Programme Lead) Netherlands eScience Center
Option 2	Reprohack	Daniela Gawhens (PhD in the EDA group and affiliated with the Data Science Research Program) University Leiden
Option 3	Text mining in EHRs	Mark Snackey (Product owner Analytics, Directorate of Information Technology, UMCU)
Option 4	Accessibility checker	Kim Ferguson (Research Data Management Specialist at DANS-KNAW)
Option 5	PIDs: Trust and Risks	Gül Akcaova, Projectmanager Innovation at SURF and active in the Knowledge Exchange
13:45	BREAK	BREAK
14:00-14:45u	ROUND 2 SESSIONS	
14:45	BREAK	BREAK
15:00-15:15u	Next decade?	Laurents Sesink
15:15-15:45u	Artificial Intelligence: from Lab to Society	Stefan Leijnen, advisor Dutch AI Coalition, he coordinates the Research & Innovation and Internalization working groups and he is lecturer of the Artificial Intelligence Research Group (Utrecht University of Applied Sciences) for the responsible application of artificial intelligence, explainability, autonomy and creativity.
15:45	Wrap up	
16:00-17:00u	DRINKS	

Program committee: Annemie Mordant (LCRDM Advisory Group and Head department MEMIC - center for data and information management, Maastricht University)
Laurents Sesink (LCRDM Advisory Group and Head Centre for Digital Scholarship, Leiden University)
